Le président

Dr Mr Hartsell,

You let me know about your World sky race in lighter-than-air skyships that would take place between september 2012 and mars 2013. The departure would be in London, and the arrival, according to your wish and the Unesco, in the palace of Versailles.

I hereby confirm you that I do agree with your project and give you my permission to plan the arrival of the skyships in the domain of Versailles. We will study the best place for the landing, but, for now, it seems that the place called "Etoile Royale" should be the most adequate space.

Let me simply underline the fact that this agreement will need to be confirmed by the signature of a contract planning the practical details of the organisation. In particular, I will focus my attention on the fact that the firms that will be partners of the operation are in line with our own sponsors and our image.

I wish all the best for the success of this project and I am looking forward to welcoming this event.

Sincerely yours,

Jean-Jacques Aillagon
